

Daytime Parking

Due to extremely limited on-site parking options at Amazon, use of alternative modes of transportation is strongly encouraged.

Limited on-site visitor parking

Please be advised that very limited daytime parking is available on a first come, first served basis and cannot be reserved. If you are expecting 10 or more visitors for a daytime event, please encourage or arrange alternative transportation for your visitors.

Off-site visitor parking options

Off-site parking garages, surface lots, and on-street parking are available on a first come, first served basis. Off-site parking is most readily available before 9am. Off-site parking cannot be validated. In addition to the nearby visitor parking options below, please see Parkopedia.com and the [SDOT Parking Map](#) for more options.
